DC

Parvalux designs and manufactures a wide range of DC (Direct Current) motors, which are available in 'motor-only' format or in a combination with our range of inline, right-angle and planetary gearboxes.

Our DC motor range includes a wide selection of BLDC brushless units and PMDC permanent magnet units.

Gearboxes

Parvalux British-made electric motor gearboxes are simply legendary; rugged, reliable and designed to suit a wide choice of applications, they are some of the finest small motor gearboxes in the world. Our range includes inline and right-angle output, with options for worm-wheel, spur and planetary gearboxes available, plus a wide range of customization options.

AC

Available as either single or three phase units, Parvalux AC electric motors come in aluminum housings as both motor-only and geared units. Our AC motors are engineered and built in Britain and we export to over 80 countries.

Stairlifts

Parvalux has been working with the leading stairlift manufacturers for many years. We understand the complex operational and safety demands that both manufacturers and their end customers require. Our geared stairlift motor combinations are suitable for all types of stairlift, straight or curved, and can provide motors for both the main drive, seat levelling, and retractable rail requirements of your stairlift.

Mobility solutions

It's a fact of life that advances in healthcare mean people are now living longer and as we age, we become more reliant on mobility products to support independent living. Our ability to travel, go shopping, take outdoor recreation and even play sports can be extended with the help of a range of mobility solutions.

Parvalux has demonstrable experience providing reliable and robust drive systems for a range of mobility products, from electric wheelchairs and mobility scooters to personnel lifts and patient hoists. Manufacturers benefit from our ability to customise our geared motor products to meet their specific need and our willingness to develop fully custom solutions, where required.

Parvalux geared motor products are valued by mobility product manufacturers and their customers in over 80 countries for their reliability and durability. Our AC, brushed and brushless DC motors and our legendary gearboxes, are available, right now.
